

Reverse Board & Batten

Single 7" Reinforced
Vertical Siding

Life happens here.™

Add a touch of historic architecture to your home.

Reverse Board & Batten Reinforced Siding is a unique profile that can be used alone or with a combination of other siding styles on the home. The narrow boards and wide battens offer a rustic appearance that could only be achieved with real wood in the past. Reverse Board & Batten siding is lighter, easier to handle, and more weather-resistant than real wood, fiber cement and wood composite siding. It has the low cost to install of vinyl siding and a Lifetime Limited Warranty.

Emulates the look and feel of real wood.

Lightweight

Panels are easy to handle and transport and allow for one person installation.

Fits all Standard 3/4" Accessories

You have full access to the broadest array of trim available.

Single 7" Exposure

Wide flat face, recreates the historic look of real wood narrow boards and wide battens.

Reinforced Foam Backer

Combined with an extra thick panel to create rigidity and durability you'd expect from a hardboard cladding.

Colors shown throughout this brochure are as accurate as printing methods will permit. Please see product samples before making final selection.

Style and color.

A variant of traditional board & batten siding, Reverse Board & Batten places the thin strips behind the wider boards. The pattern created by the alternating boards adds a distinctive vertical element to a home.

Historically associated with rural farm buildings, Reverse Board & Batten Single 7" Reinforced Vertical Siding is a natural choice for adding soft elegance to a home exclusively or for accenting bump outs, gables and porches.

Reverse Board & Batten Single 7" vertical siding is available in 10 low-gloss designer colors in an authentic woodgrain finish. PermaColor™ Lifetime Fade Protection ensures that Reverse Board & Batten siding will look new for the life of the product. 10-foot length panels allow for flexibility and minimal waste when used for all applications.

Siding: Reverse Board & Batten Single 7" Reinforced Vertical Siding and Restoration Classic Double 4-1/2" in Natural Clay, Cedar Impressions Double 7" Straight Edge Perfection Shingles in Herringbone with Ironmax Double 5" Vented Soffit in Colonial White.
Trim: Vinyl Carpentry and Restoration Millwork.

Low Maintenance — Reverse Board & Batten Single 7" is virtually maintenance free – NO caulking, NO painting. NO touch-up and NO costly maintenance.

On average, **reinforced siding saves time and money.** For example, when comparing the cost of maintaining other siding options or painted exteriors (e.g., 3,000-sq.-ft. multi-story home, professionally painted every 8-10 years)—here's what those savings look like:

\$5

reinforced siding / soap and water

VS

\$3,500-5,000

other siding / paint
